Features

Body

Constructed of die cast aluminum which provides superior strength and rigidity. Softened edges adds up to the low profile aesthetic design.

Lamping

Medium base porcelain socket for 120V AC PAR30 lamps, 75 watts max.

Adjustability

Lamp housing is controlled with an adjustable yoke that would provide custom aiming; 330° horizontal rotation and 90° vertical rotation.

Dimming

The track fixture is dimmable when used with electronic line voltage rated dimming controls only. 120V / 60Hz input; 120V output; 75W maximum load.

Compatibility

Liteline track fixtures are compatible with Juno®, Halo®, Lightolier® and most brands configured to Halo® track system design.

Labels

- cULus listed.

Description

The LERNA is a front loading gimbal track fixture. It provides directional light source for special aiming and assures secure lock on angle position. The single stem conceals wiring and provides full adjustment of light source for special aiming.

Connector Compatibility Chart

Notes: Accessories should be ordered separately. For additional options please consult your Liteline representative. Juno is a registered trademark of Juno Lighting Group. Halo is a registered trademark of Cooper Lighting. Lightolier is a registered trademark of Philips. Due to our continued efforts to improve our products, product specifications are subject to change without notice.
